

Audio Signal Cable (Microphone)

Specification

- Fine stranded copper conductor
- PE Insulation, Color code white & blue twist
- Cotton filler to protect handling noise
- With Paper tape
- Copper braiding shield 90%
- PVC Jacket color black
- Voltage 30V/60C

Electrical Properties

- Max Conductor Resistance 55.0 Ohms/KM
- AC Voltage with Standing 2.0 KV
- Min Insulation Resistance 30.0 Ohms/KM
